The undersigned applicant hereby makes application for service at the listed address and agrees to pay for said service as measured by the Electric Plant Board's meter, when required, and the applicable rates for services rendered. Applicant also agrees to pay any deposits or fees that may be required to receive, or to continue to receive, service as set forth in the policies of the EPB.

Applicant agrees to permit EPB employees and/or its authorized agents free access to the premises at the service location for the purpose of inspecting, reading, repairing, installing or removing property of the EPB. Applicant agrees that the EPB shall have the right, but shall not be obligated, to inspect and installation before service is provided, or at any later time, as has the right to reject any wiring or equipment not in accordance with EPB's standards or state or local codes, but such inspection or failure to inspect or reject shall not be regarded as an insurance against defects in installation, wiring or equipment and shall not cause or render the EPB liable or responsible for any loss or damage, resulting from defects in the installation, wiring or equipment, or from violation of the EPB's Rules and Regulations, or from accidents which may occur on applicant's premises.

Applicant agrees that this application and the receipt of service is subject to the EPB's Rules and Regulations presently in effect, or as may be amended in the future, a copy of which is open for inspection at the office of the EPB, and that said Rules and Regulations are a part of this agreement and incorporated herein by reference.

As a condition to receive service and/or EPB equipment, any and all outstanding amounts owed to the EPB for a prior service, fees, and/or equipment must be paid. In addition, applicant may be charged a deposit based on the EPB's Deposit Policy, now in force or as may be adopted. By signing below, applicant authorizes the EPB to perform a check of my (our) credit to determine the amount of deposit(s) required prior to service being rendered. Applicant may refuse a credit check by marking in the space below, however, refusal of a credit check will result in the highest level of deposit being required.

Applicant(s) understand and agree that additional locations may be established as desired by applicants. Individuals listed on this application will be considered jointly and severally responsible for charges incurred at additional locations.

Applicant(s) agree to pay all expenses, including reasonable attorney's fees incidental to collection of charges for electric service rendered to the applicants by the EPB.

I (we) certify that the above information is complete and correct and that if it is found to be incomplete or incorrect the EPB may deny to provide service or may discontinue service.
